📍 Noida, India - 201307

As an aspiring Python developer, I am enthusiastic about leveraging my foundational Python programming skills and my dedication to continuous learning to contribute effectively in a software development team. Eager to tackle challenges, collaborate, and grow in a dynamic development environment.

Experience

Python Developer - Denpro Technologies

June, 2023 - Jan, 2024

- I successfully designed and implemented a chatbot using Flask, integrating it with external APIs to fetch data. This project showcased my proficiency in API integration, enabling the chatbot to interpret client intents and provide relevant information. I effectively managed user interactions and responses, enhancing the chatbot's functionality and user experience.
- Integrated WhatsApp API to enable seamless communication between users and the chatbot, facilitating user engagement and real-time assistance.
- Leveraged AWS API Gateway and AWS Lambda functions to build a scalable and serverless backend architecture, ensuring optimal performance and cost efficiency.

Digital Marketing Head - Vaidyamrit

June, 2020 - May, 2023

- Spearheaded web development initiatives, overseeing the creation of visually appealing and user-friendly websites that significantly improved online presence and customer engagement.
- Led business development efforts, establishing fruitful partnerships with local and international clients, resulting in a steady influx of projects and revenue growth.
- Expanded the company's reach across the world by devising and executing effective digital marketing strategies, including SEO, SEM, social media campaigns, and email marketing.
- Successfully launched and managed multiple e-commerce platforms, optimizing user experience and driving substantial sales growth.
- Implemented data-driven approaches to measure marketing performance and ROI, fine-tuning strategies for maximum effectiveness.

Web Developer - Creataum Technologies

June, 2019 - Jan, 2020

- Proficiently designed and developed dynamic and responsive websites, ensuring an intuitive user interface and seamless user experience.
- Built and customized e-commerce platforms, integrating payment gateways and implementing robust security measures to facilitate secure online transactions.
- Developed and maintained MySQL databases, optimizing query performance and ensuring data integrity.
- Led the implementation of RESTful APIs, enabling smooth communication between different software systems and facilitating third-party integrations.

Skills

- Python
 - Django
 - SQL
 - AWS API
- AWS Lambda
 - Matplotlib
 - Power BI
 - Excel

Education

<div><div></div><div>B.Tech-Computer Science & Engineering (7.48 CGPA) (Dr. APJ Abdul Kalam Technical University)</div></div>	2020
<div><div></div><div>Intermediate-Physics, Chemistry & Mathematics (85%) (Bhartiya Inter College)</div></div>	2014
<div><div></div><div>High School- (59.33%) (C. M. Anglo Bengali Inter College)</div></div>	2010

Projects

- **WhatsApp Chatbot:** Developed an interactive chatbot using Flask for efficient customer support and real-time assistance.
- **ERP Software:** Led the development of a comprehensive ERP system, streamlining business processes and enhancing data management and analysis capabilities.
- **Multi-Vendor Websites:** Successfully built scalable multi-vendor e-commerce platforms, facilitating seamless transactions and empowering businesses to reach a wider audience.

Certifications

- Certification in Python Programming for successfully cleared the assessment by HackerRank.
 - Certification in SQL for successfully cleared the assessment by HackerRank.
 - Certification in Problem Solving for successfully cleared the assessment by HackerRank.
 - Training for Designing and Manufacturing of RC Quadcopter Drone from TechEagle Innovations Pvt. Ltd. (IIT , Kanpur)
 - Training for Ethical Hacking and Information Security from EI System Services (IIT , BHU)
 - Certification of Participation in Hurdle Mania, Hydracs & Bridge-It (Technex-2018) (IIT, BHU)

Hobbies

- Singing, Story & Poem Writing, Travelling

Languages

- English & Hindi
- Japanese (Learning)
