Bachelor of Technology, Dr. APJ Abdul Kalam Technical University 2016 - 2020
Computer Science and Engineering(7.48 CGPA)

Senior Secondary, Bhartiya Inter College 2012 - 2014
Physics, Chemistry, Mathematics(8.5 CGPA)

SKILLS

Technical Skills	Python, SQL, Flask, AWS Lambda, Metplotlib, Power BI, REST API
Soft Skills	Problem-Solving, Adaptability, Teamwork, Leadership, Communication
Languages	Hindi and English

EXPERIENCE

Python Developer June 2023 - Jan 2024
Denpro Technologies *Noida, India*

- I developed a Flask chatbot, integrating APIs for data retrieval. Highlighting my API skills, it interprets intents, delivers information, and optimizes user interactions.

Digital Marketing Head June 2020 - May 2023
Vaidyamrit *Varanasi, India*

- Led web development initiatives, enhancing online presence. Cultivated client relationships, expanding projects and revenue. Applied data-driven marketing strategies for improved performance and ROI.

Web Developer June 2019 - Jan 2020
Creatuum Technologies *Varanasi, India*

- Proficiently crafted dynamic, responsive websites for intuitive user experiences. Led RESTful API implementation, facilitating seamless communication and third-party integrations.

PROJECTS

Chatbot: Developed an interactive chatbot using Flask for efficient customer support and real-time assistance.

Job Portal: It's a platform facilitating efficient job search and application process for both job seekers and employers.

FlaskBook: A Social Media Platform Built with Flask and SQLAlchemy.

CERTIFICATIONS

- Certification in Python, SQL and Problem-Solving for successfully cleared the assessment by HackerRank.
- Training for Ethical Hacking and Information Security from EI System Services (IIT , BHU)
- Training for Designing and Manufacturing of RC Quadcopter Drone from TechEagle Innovations (IIT , Kanpur)

HOBBIES

- Singing, Story and Poem Writing, Travelling
